CITIZEN'S COMMITMENT

To remove by disarmament all the threats of mass destruction and to create peace founded on cooperation, justice and the preservation of the earth,

I, the undersigned citizen of the world, of..... nationality, DECLARE THAT:

I refuse to live under the constant threat of nuclear, biological or chemical weapons of mass destruction, and I demand that all nuclear States eliminate all their nuclear arsenals;

I consider that the money, intelligence and energy available should instead be invested in the peaceful resolution of disputes between people and States, in disarmament, education, the solving of human, health and social problems, the prevention of food and ecological catastrophes, the struggle against poverty, and in the sustainable, sure and just use of the planet's resources ;

I endorse therefore and wish to sign:

- ▶ The World Appeal to Set the Planet Free from All Weapons of Mass Destruction;
- ▶ The Call for a referendum in France for nuclear, biological and chemical disarmament in an integral, universal and controlled manner ;
- ▶ The Petition for the total banning of all radioactive weapons
